

Antibiotic Resistance and You!

Wednesday 24 February 2016, University College London, London

PROGRAMME

1715 **Registration and refreshments**

1800 **Welcome and overview**

Why are we here? What do we want to achieve?

Anthony Kessel, Director of Public Health Strategy, Public Health England

1810 **All about antibiotics – how they have changed our world**

Nicholas Brown, Consultant Medical Microbiologist, Addenbrooke's Hospital, Cambridge

1820 **Thank you antibiotics!**

A short film showing why antibiotics are valuable

1825 **Let's talk antibiotic resistance**

What is antibiotic resistance? | Where does it come from? | What effect does it have it? | Why do we need to tackle the problem of resistance? What does it mean for you?

Alan Johnson, Head of Department of HCAI & AMR National Infection Service, Public Health England

1840 **The effects antibiotic resistance can have on people**

A film based on real-life experiences showing the hardship and difficulties antibiotic resistance can cause.

1900 **Audience and panel discussion: Our role in**

We are all essential in helping to use antibiotics effectively and reduce antibiotic resistance! Our expert panel will describe their roles in solving the antibiotic resistance crisis and will answer your questions:

- Chair of the panel: Anthony Kessel, Public Health England, London
- Policy Diane Ashiru-Oredope, Public Health England, London
- Members of the public Françoise Husson, London
- General Practitioner Peter Smith, Kingston
- Consultant Microbiologist Nicholas Brown, Cambridge
- Researcher Esmita Charani, London
- Science Communicator Victoria Wells, Birmingham
- Hospital Pharmacist Basola Sowemimo, Richmond
- Community Pharmacist Reena Barai, Sutton

1945 **Working together – becoming effective Antibiotic Guardians**

Diane Ashiru-Oredope, Public Health England, London

1955 **Thank you and closing remarks**
