Wrap up	20:25 – 20:30

Speakers:

Catherine Hayes

Catherine Hayes is a Research Project Support Officer within the Public Health England Primary Care and Interventions Unit (PCIU). Cath has a bachelor's degree in Biomedical Science, a master's degree in Public Health and five years' experience in Public Health research. Cath currently manages research projects within the TARGET (Treat Antibiotics Responsibly, Guidance, Education, Tools) programme, including the community Pharmacy Antimicrobial Stewardship Intervention (PAMSI). She is a skilled qualitative and quantitative researcher, with research interests in intervention development and evaluation, public knowledge and behaviour towards infections and antibiotics and Antimicrobial Stewardship.

David Onuoha

David Onuoha is the Service Development Manager in the NHS Services Team at the Pharmaceutical Service Negotiating Committee (PSNC). David is a community pharmacist with over 22 years' experience in the sector. His role at PSNC is to support the development, negotiation, commissioning and implementation of community pharmacy services. David is also responsible for analysing health and care policy developments relevant to community pharmacy. Prior to PSNC, David worked for Boots UK Limited for 21 years in various management positions including Store, Area, Healthcare Development and as a Regional Pharmacy Manager.

Speakers:

Christine Stafford

Christine Stafford has been a Community Pharmacist since 2005 and is currently working as a Pharmacist Store Manager. Christine has completed a Post -Graduate Diploma in Community Pharmacy and between November 2020 and March 2021 has worked through the RPS AMS course, which involved conducting a small quality improvement project.

Alba Bahja

Alba Bahja is a community pharmacist working at Boots Pharmacy in Cheltenham Gallagher retail park.

Speakers:

David Broome

David Broome has worked in community pharmacy for 30 years. David runs his own community pharmacy for 25 years. David has been passionate about AMR and has done everything he can to put this in place in his pharmacy.

Shaili Thakkar

Shaili Thakkar completed her OSPAP with Brighton University in 2010 and qualified as a pharmacist in UK after completion of her pre-reg in July 2011. Shaili has been working as a community pharmacist since she qualified, going through different roles as relief pharmacist, store based pharmacist and now Pharmacist store manager. Shaili is currently the PCN lead for east Brighton PCN 2 and provides various services including travel and flu vaccination, PGD EhC and national services.

About the Chair

Dr Diane Ashiru-Oredope
Lead Pharmacist HCAI and AMR Division, Public Health England

Diane is the Lead Pharmacist for the AMR Programme at Public Health England and is a hospital antimicrobial pharmacist by background; she started working in public health in 2010. She has chaired and led the implementation of a range of national toolkits and guidance on antimicrobial stewardship. Diane led the development, implementation and evaluation of the international AMR campaign, Antibiotic Guardian which is underpinned by behavioural science. Currently she is the deputy chair for the English Surveillance Programme for Antimicrobial Utilisation and Resistance (ESPAUR) and Leads the national planning group for World Antibiotic Awareness Week, European Antibiotic Awareness Day and the UK Antibiotic Guardian campaign. Outside of her core role, Diane is honorary Lecturer at UCL School of Pharmacy, volunteer tutor for the People's University which delivers public health Masters courses/ modules for healthcare professionals in low- and middle-income countries, committee member for UKCPA Pharmacy Infection Network, member of RPS Expert Advisory Group for Antimicrobial Resistance and adviser for Commonwealth Pharmacists Association. She was made a fellow of the Royal Pharmaceutical Society in 2017.
